ABOUT US

Over 30 Years of Experience

Jilong is a leading manufacturer and exporter of plastic leisure products, with over 30 years of expertise in R&D, quality manufacturing, and global sales. Guided by practicality, innovation, and efficiency, we operate modern facilities supported by strong infrastructure and a stable, skilled workforce. Located within 300 km of Shanghai, our integrated production capabilities cover PVC film, lamination, printing, welding, packaging, and accessory assembly, enabling us to deliver reliable quality and competitive costs.

VERTICALLY INTEGRATED

JILONG has established a vertically integrated production system from raw materials to finished products, covering PVC film, silkscreen printing, high-frequency welding, sewing, packaging, and assembly.

WORLD WIDE VISION

JILONG distributes its products to major retailers in over 50 countries and regions, including Europe, North America, Australia, and Asia. This strong international presence has made us a trusted global supplier of plastic leisure products.

INNOVATION DRIVEN

JILONG's R&D team develops hundreds of new products each year, focusing on design, quality, and compliance with international standards. We closely monitor global market trends and safety regulations, while our in-house laboratory rigorously tests and verifies product performance.

PRODUCT &BRANDS

Five Sub-Brands One Diverse Leisure World

JILONG proudly offers a diverse portfolio of five distinctive sub-brands, each focused on a unique lifestyle and product category. From the relaxing spa and air bed experience of Avenli, to the adventurous spirit of Zray paddle boards, the fun and excitement of SunClub water toys and pools, and the durable leisure sports products of Pathfinder, our brand family serves a wide range of consumer needs and lifestyles—ensuring that everyone can find something to enjoy.

SAFETY & QUALITY

QUALITY ASSURANCE

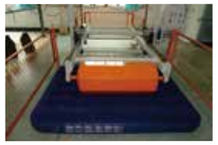

Throughout the entire production process, we apply a fully traceable quality management system. Records and image documentation are captured at every key stage, including incoming raw material inspection, testing of restricted substances, product durability testing, in-line quality monitoring, finished product inflation inspection, and container loading. This ensures that every shipment meets relevant safety requirements and that our products are reliable and consistent.

High-quality PVC materials used in production

State-of-the-art in-house laboratory and cooperation with third-party testing institutions

Durability Testing

Tightly controlled production process

24-hour inflation test before packing, with random inspection before shipment

Container loading records and photos

REGULATORY COMPLIANCE

We maintain close cooperation with internationally recognized testing institutions and stay up to date with the latest regulations and standards. This helps ensure that our products comply with the laws and safety requirements of the markets in which they are sold, protecting consumers and supporting reliable global distribution.

Avenli outdoor air mattresses combine durable materials with real sleep support — from wilderness camping to backyard nights under the stars.

RAPID AIR TECHNOLOGY
BUILT-IN ELECTRIC PUMP

PREMIUM BUILT-IN AC PUMP

New

29P612EU/GB/US
Power: 55W
Max Air Pressure: 3.5kPa
Air Flow: 450L/Min
Voltage: 220-240V (EU/UK) / 110-120V (US)

FEATURES

- One-turn control, quiet (⩽80dB)
- Fast inflate & deflate
- Lightweight, stable, long-lasting

BUILT-IN HIGH PRESSURE AC PUMP

29P582EU/GB/US
Power: 180W (EU/UK) 170W (US)
Max Air Pressure: 6kPa
Air Flow: 785L/Min (EU/UK) 600L/Min (US)
Voltage: 220-240V (EU/UK) / 110-120V (US)

FEATURES

- Max 6kPa high-pressure output
- One-turn control, no external pump needed
- Ultra-fast inflate & deflate

BUILT-IN AC PUMP

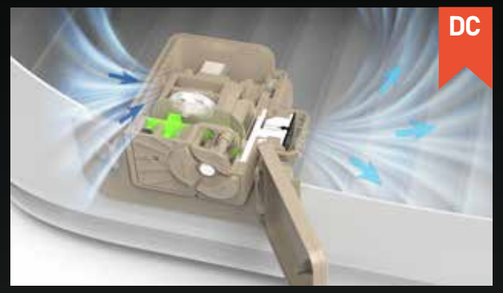

29P485EU/GB/US
Power: 140W
Max Air Pressure: 2.5kPa
Air Flow: 450L/Min
Voltage: 220-240V (EU/UK) / 110-120V (US)

FEATURES

- Powerful one-turn control
- Fully inflated in just 3-5 minutes

BUILT-IN ZENCHARGE PUMP

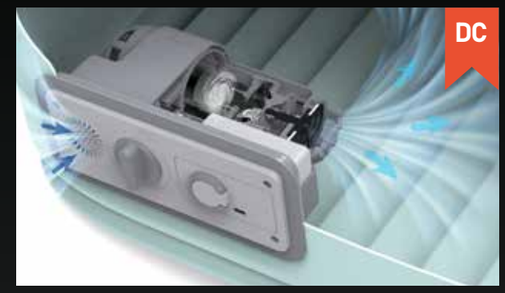

29P615
Power: 75W
Max Air Pressure: 5kPa
Air Flow: 450L/Min

FEATURES

- 2-in-1: internal pump + detachable portable unit
- 2500mAh battery for cordless use indoors & outdoors
- USB-C fast charging, dual-speed control

BUILT-IN HIGH-PRESSURE ZENCHARGE PUMP

29P618
Power: 70W
Max Air Pressure: 6kPa
Air Flow: 450L/Min

FEATURES

- High-pressure ZenCharging pump (max 6kPa)
- Ultra-fast inflate & deflate
- Detachable & portable — ideal for outdoor use

BUILT-IN AUTOMATIC STOP PUMP

29P629EU/GB/US
Power: 210W
Max Air Pressure: 3.2kPa
Air Flow: 700L/Min
Voltage: 220-240V (EU/UK) / 110-120V (US)

FEATURES

- Automatically stops inflation when preset pressure is reached
- Automatically stops deflation when fully deflated
- Safe, efficient, and hassle-free operation

BUILT-IN SMART AIR PUMP

29P630EU/GB/US
Power: 185W
Max Air Pressure: 3.5kPa
Air Flow: 650L/Min
Voltage: 220-240V (EU/UK) / 110-120V (US)

FEATURES

- Smart Detection: automatically detects air loss and restores firmness
- Dual-pump system: one for fast inflation, one for silent automatic air refill
- Automatically stops inflation when preset pressure is reached

AIRBED TECHNOLOGY

CLOUDCOIL™

ADAPTIVE COIL SUPPORT

CloudCoil technology features cylindrical air chambers designed to evenly distribute body weight and adapt to natural body contours. This structure provides a softer, more responsive sleeping experience with balanced support.

FEATURES

- Even weight distribution for improved support
- Softer, body-conforming sleeping surface

Coil-structured air chambers for adaptive comfort

BEAMREST™

LINEAR BEAM SUPPORT

BeamRest™ technology utilizes reinforced vertical air beams to create a stable and supportive structure. Available in Wave-Beam and I-Beam surface designs, it delivers firmer support and enhanced stability.

Reinforced vertical beam construction

IDS™ (I-DROP STITCH CORE)

PRECISION DROP-STITCH SUPPORT

IDS technology connects thousands of internal threads between the top and bottom layers, creating a rigid structure with exceptional stability and strength.

FEATURES

- Superior strength and durability
- Firmer, more supportive sleeping surface

Advanced drop-stitch construction

Wave-Beam surface design

FEATURES

- Firm and stable support structure
- Softer, body-conforming sleeping surface

TEXTECH™

FABRIC-REINFORCED COMFORT SYSTEM

- Comfort system enhances durability and sleeping comfort
- Fabric-laminated sidewall improves strength and stability
- Soft flocked surface offers a cozy sleeping feel

PEACH-SKIN

PEACHSKIN SMOOTH-TOUCH SYSTEM

- Peach-skin surface delivers a softer and smoother touch
- Skin-friendly fabric enhances sleeping comfort
- Quiet surface helps reduce movement noise

LUSHPILEX™

PREMIUM LONG-PILE COMFORT SYSTEM

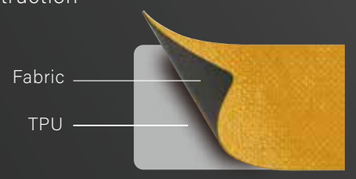

- Soft velvet-like surface creates a relaxing sleep experience
- Extra-thick 0.5mm pile offers enhanced cushioning comfort
- Skin-friendly surface feels smooth and gentle
- Significantly reduce visible creases and wrinkles

FLEXTPU™

NEXT-GENERATION TPU MATERIAL

- Lighter, softer, and more flexible than traditional PVC
- Lightweight and flexible design enhances comfort
- Soft-touch surface provides a more comfortable feel
- Durable and eco-friendly construction

FIVE-FLOCKED™

SOFT-FLOCKED COMFORT SURFACE

- All-around softness and comfort
- Reduce slipping and improves sleeping stability
- Soft and quiet texture enhances comfort while minimizing movement noise

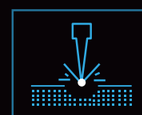

LAMI-TECH™

REINFORCED MESH CORE

- High-strength polyester mesh reinforced with durable PVC layers
- Reinforced mesh core enhances stability and durability
- Improved support and structural strength
- Maintains air pressure longer for reliable use

Precision laser-printed flocking

Soft and skin-friendly surface

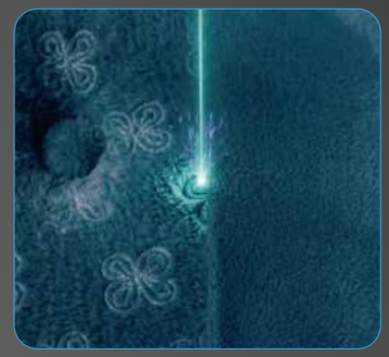

Long-lasting decorative pattern

LASERFLOCK™

PRECISION PRINTED FLOCKED SURFACE

LaserFlock technology uses advanced laser printing to create refined textures and patterns on a soft flocked surface, enhancing both aesthetics and durability.

SLEEP ANYWHERE SERIES

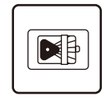

Avenli flocked Air mattress

Avenli flocked Air mattress is an Air mattress that integrates home and outdoor camping. The flocked surface is skin-friendly and soft, comfortable to the touch, and not easy to fall of; the bottom is made of composite wear-resistant PVC material, which is stable and strong, waterproof and moisture-proof. The support design of CloudCoil construction, multi-point close arrangement, uniform stress and stable without deformation, which has good support and durability. The safety valve helps to inflate and deflate quickly.

INDOOR AIR MATTRESS SERIES

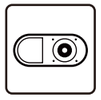

The Advanced Air mattress

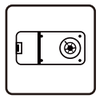

The Advanced Air mattress has a strong vertically arranged BeamRest construction or a CloudCoil construction design which both conforms to the curve and bears the weight of the human body while being both even and strong. The surface uses flocking technology which feels soft to the touch. The lightweight built-in electric pump makes inflation fast and easy.
