TRESPASS®

# WINTER 2026/27

hat **magic horn**
casual jacket **balmark**
leggings **fuzzy**

# INTRODUCTION
# WINTER 2026/2027

The Autumn/Winter 2026/27 collection from Trespass blends cutting-edge design with practical performance for outdoor enthusiasts. Crafted by our expert team, each piece is a result of meticulous development, from initial sketches to rigorously tested, high-performance gear—incorporating Trespass's latest technologies.

Our designers have leveraged advanced fabric innovations to create a versatile range of apparel, from quick-drying activewear to fully waterproof jackets and trousers. The collection features Airtrap fleece technology, designed to maintain consistent warmth, Duoskin fabric for superior moisture-wicking properties, and Tres-tex & Tres-shield materials, both waterproof with taped seams to ensure complete water resistance, even in the most challenging weather conditions.

With the AW26/27 collection, Trespass aims to inspire outdoor exploration, encouraging adventurers to embrace the elements—whether it's rain, wind, or snow. Beyond clothing and footwear, the collection also includes tents, sleeping bags, and camping gear, so you can gear up for your next adventure with everything you need, all in one place.

# TECHNOLOGY GUIDE

## AIRTRAP®

**Designed for comfort and warmth** an anti-pilling fleece, that is a versatile mid-layer. The structure of Airtrap® not only stretches to give you freedom of movement but creates airspaces that trap and hold your body heat while letting water vapour to pass freely. Also available, **AIRTRAP® ECO** utilising recycled materials.

## ANTIBACTERIAL

A range of garments including active wear, baselayers and socks have antibacterial treatments, or like merino has natural antibacterial properties. These garments are great for travel. They can be worn multiple times before needing washed. The bacteria that cause bad odours are kept at bay .

## COLDHEAT®

Lightweight padded insulation in our jackets that is durable with soft lofted fibres that trap and hold the heat generated by your body allowing you to stay comfortable in freezing conditions. Also available, **COLDHEAT® ECO** utilising recycled materials.

## COOLMAX®

**COOLMAX®** is a third party fabric offering soft, lightweight and breathable comfort. It wicks moisture away from your body keeping you cool, dry and comfortable.

## DOWN

Our natural down provides the best in warmth to weight ratio. Fill power is a number indicating the relative quality of down. Higher fill power numbers indicate greater loft and insulating efficiency.
A higher ratio of down to feather is also better.

## DUOSKIN

**Quick drying wicking fabric** from Trespass® effectively draws moisture away from the skin. Tightly woven fibres draw moisture via capillary action where it quickly evaporates from the surface of the fabric, leaving you feeling dryer and more comfortable.
**DUOSKIN+** brings additional **U.V.** Protection.

## DWR

DWR is a **durable water repellent** finish to the fabric which helps shed water droplets from the outer face of the garment. DWR is not fully waterproof, but does reduce any wetting out of the garment. It can be washed out over time, but refreshed with the use of re-proofers like Nikwax or Grangers etc.

## INTELLIGENT®

An inspired solution to the cold weather problem. Reflective surfaces send back valuable warmth that would otherwise escape. By reflecting the body's heat, intelligent use of materials can reduce bulk and padding with insulated outerwear.

## MERINO WOOL

Merino wool is a naturally wicking fibre, moving moisture from the skin and transporting it through the material where it will evaporate, keeping your skin dry in hot temperatures and insulated in the cold. It is also highly breathable and has antibacterial properties, making it resistant to odour. Sometimes we blend the fibres with synthetics to improve durability.

## MOSKITOPHOBIA®

This insect repellent treatment provides a major line in defence against irritating, biting insects. Used on a range of materials, **MOSKITOPHOBIA®** is ideal for travel abroad as well as at home.

## PACKAWAY

Be prepared without sacrificing weight and space in your pack. Packaway garments are lightweight and less bulky yet retain a great level of performance.

## RECCO®

The **RECCO®** Rescue System is two-part technology. Ski resorts and rescue teams around the world carry **RECCO®** detectors. The detector sends out a directional search signal, which is echoed by **RECCO®** reflectors built into our products worn by skiers, riders and other outdoor people.

## SOFTSHELL

Softshell has an athletic form supported by stretch qualities that allow for a full range of body movements. It is soft to touch, flexible and very comfortable. Softshell is suited to highly energetic pursuits. Moisture moves freely from your body to the outer environment, the high levels of breathability also improve drying times significantly making it comfortable over a wide range of weather conditions.

## TAPED SEAMS

Every seam produced creates hundreds of needle holes that water can get through. Applying a thermoplastic tape under heat and pressure will seal the seams to keep moisture from passing through. Taped seams keep you drier and warmer.

## TRES-SHIELD

Waterproof and Windproof Fabric - This performance fabric is used to produce a range of great value outerwear. Ideal for bad weather situations. Supple and durable, functional coatings and surface treatments help repel water and wind keeping you comfortable.

## TRES-TEX®

Waterproof, Windproof and Breathable Fabric - This performance fabric is used in many of our ranges. Ideal for active, highly mobile pursuits. Supple, durable and functional coatings and surface treatments help repel water and work with your layering system to draw moisture away from your body. Available in multiple variants, coatings, membranes & stretch.

## UV

Specially woven fibres shield the skin underneath from the sun's ultraviolet rays, providing an added layer of protection from the elements.

## WATER REPELLENT ZIPS

Specially developed zippers that are designed to keep the water out thanks to a plasticised coating that overlaps the sides and teeth of the zip. This also means we can do away with excess material used in flaps and covers which, in turn, leads to a more streamlined, lightweight garment.

# OUR RATINGS EXPLAINED

**AT Ratings**

The higher the rating the heavier the weight of fleece. We make finding the Airtrap® fleece that's right for you easy, with our AT rating system.

We offer a comprehensive range including Micro, Polar, Bonded, Water Resistant and printed garments with optimum comfort and protection in mind.

Garments may vary in size specification depending on the style and ease allowance but will still fit the body size indicated.

Age is just an approximation of size.  The height of the child gives a much better indication of which size to buy.

# SPONSORSHIPS & EVENTS

As well as the regular 'TRADE ONLY' shows we feel it is important to stay in touch with the public, maintaining a presence with the real end users.

## GLASGOW COMMONWEALTH GAMES

Following on from our hugely successful partnership with Glasgow 2014 Commonwealth Games, Trespass have made history by being awarded the 2026 Commonwealth Games. The only company to have received this prestigious award on two separate occasions.

Working closely with the OC of GCG 2026 we have developed a stunning range of apparel and accessories for both the Technical staff and Volunteers for 2026.

## GREAT BRITAIN CHILDREN'S SKI TEAM & SKI ACADEMY

We have a long serving partnership with the British Children's Ski Team and are as pleased as ever to be associated with such a fantastic organisation. The youngsters regularly demonstrate skills on the slopes that would put most adults to shame as they compete for titles throughout Europe. And as they carve success into the snow at home and abroad, they do so wearing Trespass from top to toe.

## BUCS (BRITISH UNIVERSITIES & COLLEGES SPORT)

Trespass is the official sportswear sponsor of Team GBR for BUCS (British Universities & College Sport). We have provided the teams with performance wear and technical gear for the past three events of Winter World University Games, Trentino, Granada, and Almaty, Kazakhstan.

Trespass again provided the uniform for Team GB at the 2019 Winter Universiade in Krasnoyarsk, Russia.

## SNOWCASE– THE CHARITY ART PROJECT

Trespass asked 13 artists from around the UK to design a unique ski helmet to be auctioned off for a selection of charities for our Snowcase charity art project. With helmets created by internationally renowned illustrators, graffiti artists, contemporary artists and tattoo artists, Snowcase raised much needed funds for a variety of great causes.

## UHC KLOTEN-DIETLIKON JETS

Trespass is proud to continue their partnership with one of Europe's most competitive ladies floorball team for the 3rd year in a row. We wish the team every success as they continue their journey from strength to strength and will be following their progress on their pursuit to re-gain the national title in the upcoming season.

## SCOTTISH SKI CLUB

Trespass is pleased to partner with the Scottish Ski Club (SSC) and continue to promote our brand and partnership through the provision of high quality ski clothing for their upcoming events. Founded in 1907, the SSC has for over 100 years, promoted all forms of skiing in Scotland and membership is open to anyone with an interest in skiing. In line with our vision to make outdoor activities accessible for everyone, the SSC's wealth of experience and knowledge paired with their outreach and ski community work makes them perfect partner for us.

## VISIT SCOTLAND CAMPAIGN

Trespass teamed up with Visit Scotland's John Muir Day campaign to offer a fantastic prize for a family of four. The campaign involved events and activities around the John Muir Way, helping more people make the most of Scotland's fantastic outdoors.

## GREENER SCOTLAND CAMPAIGN

Each year the Scottish Government run a climate change campaign with the aim to encourage Scots to adopt greener behaviours. The ultimate goal is to create a cleaner, greener Scotland.

## FIVE SISTERS ZOO, WEST CALDER

We are happy to provide the staff uniforms of Fife Sisters Zoo in West Calder. Established in 2005 and privately owned, their mission is to encourage the conservation of endangered wildlife and create a safe and natural environment for all 180 different species in their collection. A cause that we are happy to support.

## GLASGOW TIGERS SPEEDWAY

Glasgow Established in 1946, Glasgow Tigers Speedway are the West of Scotland's only professional motorsport team. Racing in the north of Glasgow, the Tigers race against rival clubs from across the UK on Friday nights at the recently renovated Peugeot Ashfield Stadium. Speedway is one of the most exciting forms of motorsport, it offers a unique blend of individual skill and courage.

The riders race four at a time, on an oval track on bikes that go from 0-60 in 2.5 seconds with only one gear and no brakes. The official clothing partnership with Trespass marks a celebration of 90 years of the sport being in Glasgow. It has featured in various areas of the city such as Parkhead, Whitecity and Shawfield before its current home in Possilpark.

The Glasgow Tigers team now wear their Trespass uniform to speedway events across the UK and their fans proudly sport the same Glasgow Tigers / Trespass kit .

## SSPCA

Here at Trespass, we recently launched a sub brand - Trespaws. Our brand ethos is to enhance our four-legged friends' adventures with performance accessories for dogs. Our products are made with practicality and comfort in mind at all times. We believe in helping dogs from all walks of life so it was only natural for us to start working with the SSPCA.

The SSPCA do amazing work with all wildlife so we were keen to start supporting them. It all started with donating all of our samples from our first product run then it grew arms and legs. Our most recent project involved building a Sensory Garden for puppies who have experienced mistreatment. We also assembled a network of volunteers who gave up their free time to help socialise the puppies and make them comfortable around humans again.
We see a bright future working with the SSPCA and look forward to continuing our support with them.

TRESPASS®
PERFORMANCE OUTDOOR CLOTHING

# LOCATION & FACILITIES

Trespass® is one of the UK's most successful outdoor clothing retailers. We currently have more than 200 stores, a network of wholesale clients across the world and a thriving e-commerce website.

Glasgow, West of Scotland, is an excellent hub, close to the airport, motorway network and shipping routes.

Our purpose built office houses sales, design and distribution staff as well as a state of the art pick & pack warehousing and distribution.

**Over 400,000 m³ state of the art computerised storage & distribution.**

# OUR JOURNEY

Trespass® are a prize winning privately owned company with its headquarters in Glasgow, Scotland, UK. Jacobs & Turner Ltd, was established in 1938 as a manufacturer of workwear and outerwear. The Trespass® brand was created in 1984 and is focused on performance outdoor sports and leisurewear.

The Trespass® mission is to become the **FIRST CHOICE GLOBALLY when purchasing PERFORMANCE CLOTHING and ACCESSORIES.**

Trespass® is already established as a renowned clothing and equipment supplier for outdoor enthusiasts. More people around the world need to **discover the benefits of Trespass®** apparel & accessories.
